

# PATCHSAVE SOLUTIONS

## THE DATA CENTRE DIFFERENCE

Below are some of our Latest Products.  
All Available for Next Day [Delivery](#) via our [Website](#)

### **NETSCOUT LinkSprinter 300 Network Tester**

The LinkSprinter network tester provides network connectivity troubleshooting and identifies "error" problem domains in less than 10 seconds.

Suitable for all RJ45 [Cat5e](#), [Cat6](#) and [Cat6a](#) systems.

### **C13 to C14 LSZH H05Z1Z1-F Power Cables**

These Low Smoke Zero Halogen power cables are manufactured for enhanced performance and fully tested to conform to UK standards.

Commonly used to either extend an existing [C13 - C14 power cable](#), or to connect directly from a Power Distribution Unit ([PDU](#)) or [UPS](#) to any active hardware and server equipment with C14 inlets.

### **Excel Cat5e Colour Coded RJ45 Modules**

Why not make life easy and colour code your RJ45 office ports!

Excel [single](#) or [double](#) gang bevelled faceplates Pre-Loaded with 1, 2 or 4 coloured modules.

These faceplates save time and money by reducing on site installation and assembly time.

### **C19 to C20 LSZH H05Z1Z1-F Power Cables**

Data Centre grade power cables with a C20 Plug to fit in to C19 inlets on either a [PDU](#) or [UPS](#).

These Low Smoke Zero Halogen are available for Next Day Delivery in [1mtr](#), [2.5mtr](#) & [5mtr](#) lengths
