

C19 to C20 'P-Lock' Power Cables Data Sheet

-  Help prevent inadvertent disconnects by securing a C20 to the C19 outlet when the PDU contains the corresponding notched outlets.
-  These are high grade 16Amp, HO5VV-F 1.5mm², PVC jumper cable to conform to global standards.
-  Different coloured IEC cables allow you to clearly identify in racks alternative power paths for different and redundant applications.

 Available in 4 lengths and 4 different colours.

 Most ServerTech, Raritan, Vertiv, Knurr, and NextGen Eaton PDUs are fitted with these outlets.

Product Code	Product Description	Length	Price*
8054113	C19 to C20 'P-Lock' Power Cable - Black	0.5M	£9.21
8054114	C19 to C20 'P-Lock' Power Cable - Black	1M	£11.19
8054115	C19 to C20 'P-Lock' Power Cable - Black	1.5M	£13.57
8054116	C19 to C20 'P-Lock' Power Cable - Black	2M	£15.90
