C19 to C20 'P-Lock' Power Cables Data Sheet

Help prevent inadvertent disconnects by securing a C20 to the C19 outlet when the PDU contains the corresponding notched outlets.

Different coloured IEC cables allow you to clearly identify in racks alternative power paths for different and redundant applications.

Available in 4 lengths and 4 different colours.

Most ServerTech, Raritan, Vertiv, Knurr, and NextGen Eaton PDUs are fitted with these outlets

Product Code	Product Description	Length
8054113	C19 to C20 'P-Lock' Power Cable - Black	0.5M
8054114	C19 to C20 'P-Lock' Power Cable - Black	1 M
8054115	C19 to C20 'P-Lock' Power Cable - Black	1.5M
8054116	C19 to C20 'P-Lock' Power Cable - Black	2M
8054117	C19 to C20 'P-Lock' Power Cable - Blue	0.5M
8054118	C19 to C20 'P-Lock' Power Cable - Blue	1 M
8054119	C19 to C20 'P-Lock' Power Cable - Blue	1.5M
8054120	C19 to C20 'P-Lock' Power Cable - Blue	2M
8054121	C19 to C20 'P-Lock' Power Cable - Red	0.5M
8054122	C19 to C20 'P-Lock' Power Cable - Red	1 M
8054123	C19 to C20 'P-Lock' Power Cable - Red	1.5M
8054124	C19 to C20 'P-Lock' Power Cable - Red	2M
8054125	C19 to C20 'P-Lock' Power Cable - White	0.5M
8054126	C19 to C20 'P-Lock' Power Cable - White	1 M
8054127	C19 to C20 'P-Lock' Power Cable - White	1.5M
8054128	C19 to C20 'P-Lock' Power Cable - White	2M
