

## Zettonics TEN21 Cable Management & Chassis

 Zettonics TEN21 1U & 2U chassis are mountable on 19" racks and allows 5 or 12 modules to be loaded from either the front or rear with easy, fast and secure latching.

 The rear cable management can be retrofitted to the 1U & 2U chassis, for securing and managing trunks and back bone cabling.

 Zettonics TEN21 1U & 2U front cable management and door manage the front patching field and provides bend radius protection.

 The 1U & 2U chassis provide user friendly and flexible connectivity when combined with Zettonics TEN21 module, harnesses, trunks and patch cords.

 Zettonics TEN21 blanks are for blanking off any unused slots on the TEN21 1U & 2U chassis.

 The 1U & 2U front cable management is retrofittable with large labelling areas on the inside of the doors.
